

SECUDE International AG Acquires Altrion Technologies and Announces the Formation of SECUDE India.

SECUDE International AG acquires Altrion Technologies; a strategic acquisition to gain access for SECUDE enterprise Security products and SAP Security solutions to Asian markets.

Lucerne, Switzerland, June 17, 2008 — **SECUDE AG** today announces that it has acquired Altrion Technologies Private Limited, a leading provider of SAP ERP integration solutions and SAP security and technology consulting. Altrion will be part of the SECUDE Group and will be re-structured as SECUDE India Private limited.

“Many milestones have been achieved during this landmark journey of transformation”, said Jagan Nathan Vaman, CEO of SECUDE India, “Altrion is changing from SAP Integration and Consulting Company to a complete End-to-End Enterprise Security products and services provider within the country and abroad. This strategic move brings the trusted and powerful SWISS brand ‘SECUDE’ and world class Security technology to India”.

IT and enterprise security have become an integral part of any businesses and this trend will continue as we move towards an unprecedented level of integrated convergence of IT – telecom and the internet. The challenges in actually managing risk on an enterprise-wide basis with near real time ERP systems and Internet communication have proven to be daunting. The Swiss technology offering sets SECUDE India apart in the sector with a range of SAP Security, Enterprise Security, Data Protection and Enterprise Risk Management (ERM) products.

SECUDE is a global leader in Security R&D with 11 years of experience developing security solutions and products. During its founding years, SECUDE designed and developed the Secure Network Communication (SNC) Protocol that is inside the SAP ERP system. SECUDE Global Consulting is the Special Expertise Partner of SAP GRC with a commitment to further bar on quality and innovation. SECUDE India specialises in the implementation of SAP systems (ERP and B1) and adds deep know how in technology, industry and business processes for integrated Enterprise Risk Management (ERM). “We’re redefining the enterprise security industry by global reach and with large customers such as Allianz, Dräger Werke Lübeck, Itergo, etc”, said Dr. Heiner Kromer, Chairman of the SECUDE Group. “We expect to improve our competitiveness globally by low cost delivery centers in India, China and Vietnam. The Indian market is the key to SECUDE’s growth

Press Release

strategy and we want to participate in the phenomenal growth of SAP customers with 100% growth in 2007 and more than 3000 customers for SAP in India”.
