Canto Reports Record Q4 Earnings for 2009

Cumulus sales and service enable Canto and its partners to defy economic downturn.

BERLIN, 08 FEB 2010 — A sales record for Canto® was broken in 2009, the company announced today. Despite continued global economic challenges, sales and services for Cumulus generated profits, and the company closed out the year with its most successful quarter on record.

"We expected a rougher ride in 2009," admitted Canto CFO Hans-Dieter Schädel. "We fine tuned our business processes to ensure Canto performed at peak efficiency, so Q4 was like a gift for our efforts!"

Canto revenues for 2009 Q4 were up more than 12% over same quarter, 2008.

"Sure, Canto sales records are important to us," says CEO, Ulrich Knocke. "But what I'm really happy about is that our partners can remain profitable in times like these."

Knocke refers to revenue growth reported by several Canto partners, each of whom were able to withstand economic pressures thanks in part to their Cumulus business focus.
