

**Incomedia offers WebSite X5 SUITE: a "Software Collection" that will make the entire web community happy**

*Coming soon, an unmissable Suite of 3 software packages that includes WebSite X5 Evolution 9, Ashampoo Photo Commander 10 and SendBlaster 2 Express, plus 50 Mini Sites, a collection of 50 sites ready to be customized.*

**Ivrea (TO)**, October 1, 2012 - Incomedia, the well-known Italian developer of software solutions for the multimedia and inventor of WebSite X5, the software for creating websites, blogs and e-commerce, is set to surprise the web community once again with a generous proposal for those who want even more than WebSite X5 already offers.

The new offer from Incomedia is a 100% safe bet, with all the characteristics of a real "all-in". In fact Incomedia, Ashampoo and Sandblaster propose a suite of 3 software packages that will satisfy the needs of the most demanding users and meet the requirements of every aspect involved in the creation of the most sophisticated projects in web design. **WebSite X5 SUITE** knocks down every limit and eliminates any possible complication during the realization of the most complex projects. If you have this Suite you'll possess a means of unlimited potential to give concrete shape to your ideas and amaze you with its incredible ease and operating speed, which are the fundamental characteristics that the three software packages included in the Suite have built their success on.

The description of the main characteristics of each package in the WebSite X5 SUITE makes awesome reading:

**WebSite X5 Evolution 9**, the software designed to create eye-catching websites, blogs, and online shops with an intuitive graphical interface that will guide you through the entire process of creating a project and publishing it online in just 5 simple steps. WebSite X5 does not require any programming skills and includes more than 1,500 professional and customizable templates, 6,000 exclusive royalty-free images, e-commerce, members areas, Blogs, RSS Feeds, multi-language websites, e-mail forms, image and video galleries, advert management, widgets and much more.

**Ashampoo Photo Commander 10** allows you to edit, optimize and organize your photos effectively through an extremely easy-to-use interface and a full range of functions. It includes a complete set of tools for image editing so you can tag photos, display images in various formats and panoramic views, create slideshows with a soundtrack, and much more.

**SendBlaster 2 Express** is a software that allows you to create and automatically send effective and personalized newsletters and e-mails to your contacts. It allows you to easily create even the most complex mailing lists and campaigns and it includes 5 lists, 300 sends per e-mail without recurring costs, 80 templates, send of personalized e-mails and more.

In addition to these three software packages, WebSite X5 SUITE also contains **50 Mini Sites**, a collection of over 50 template projects for websites created with WebSite X5 Evolution 9.

Federico Ranfagni, CEO of Incomedia says: "WebSite X5 Suite is the result of the constant care and attention that Incomedia directs to the needs of its users. Through the meticulous monitoring of the requests and suggestions from our customers, we have identified in SendBlaster 2 Express and Ashampoo Photo Commander 10 the perfect complementary software to enrich our offer in order to provide our users with a product that will constantly surpass itself and surprise even the most demanding users."

WebSite X5 SUITE, with a commercial value is € 400, will be available in the shops from October 1, 2012 for just € 89.95.
