
SECUDE AG and Nexio ink Reselling Agreement

Darmstadt, 12/05/2010 - Nexio, a major IT service provider offering full range of IT services, and SECUDE AG, a global leader in providing IT security software products, solutions, and consulting to enterprises and governmental organizations, have signed a Channel Partnership agreement that would enable Nexio to resell all SECUDE products and consulting services. The partnership was inked on the 21st of April, 2010.

Through this agreement, the entire gamut of SECUDE's IT security and SAP security products and services would also be offered through Nexio.

Signing the agreement, Dr Heiner Kromer, CEO, SECUDE AG, stated that the partnership with Nexio is a welcome opportunity to learn from the needs of a hosting partner.

Mr Lars Rohnstock, President of Sales and Marketing, Nexio, stated, "*SECUDE brings value to our customers through the innovative products and services in the security area. We strongly believe that this partnership will help us keep the customer satisfaction on the highest level*".

The agreement comes into immediate effect.

About Nexio

Nexio has been successfully using the experience of its highly qualified employees to solve the tasks of its clients, being 'the SAP power plant'. Well-known enterprises from Mainz and its surroundings trust the reliability of its processes and productivity of its systems.

About SECUDE AG

The SECUDE group of companies is a global leader in providing IT security software products, solutions, and consulting to enterprises and governmental organizations.

Through its solutions, SECUDE enables enterprises to protect critical data in use, in motion, and at rest. In addition to its leading encryption-based data protection suite, SECUDE has gained the position as the leading trusted partner in all IT security-related issues for SAP customers including increasing productivity of secure SAP environments.

SECUDE was founded in 1996 out of a partnership between SAP AG and the Fraunhofer Institute, Germany, and over the years, it has experienced rapid growth. Today, SECUDE has operations in Europe, US, Middle East, and Asia and has gained the trust of a large number of Fortune 500 companies including 50% of the DAX-listed companies.
