Advancements and new Supply Partners on WINDSOURCING.COM

We are very delighted about our platform's continuous further development and the vivid interest coming in from the market! We have also received a positive feedback from both user and advertiser side to the introduction of individual offers numbers and the „Tip a friend“-function.

In light of our determination to offer our partners, customers and suppliers THE procurement platform for the wind industry, we will not cease to further improve those processes affecting the WINDSOURCING.COM, as we endeavor to attain cost reductions in procurement, respectively achieve an increase in the sales of wind components, on a long-term basis!

Service Provider, Owners of wind farms and other interested parties in the wind energy sector have the opportunity to search for product offers in different categories on WINDSOURCING.COM: Generators, Transformers, Gears, Rotor Shafts, and many more.

New Suppliers on WINDSOURCING.COM:

TSH-Grablechner - Transmission Service & Trade

With immediate effect, interested persons will regularly find publicized offers from **TSH-Grablechner** on the platform. TSH is specialised in the maintenance of drive trains. It has experience in the repair of main-bearings and rotor-bearings, in the restoration of bearing seats and tight fits of rotor shafts and in the exchange of major components. The company deals in rotor shafts, rotor bearing housings, main-bearings and rotor-bearings, and clutches and is able to obtain entire drive trains.

Bosch Rexroth AG

Furthermore **Bosch Rexroth AG** joined the platform to advertise their product offers. As one of the leading supplier for Gears, Hydraulic Systems, and Condition Monitoring Systems, Bosch Rexroth plays an important role in the wind energy segment for Driving, Control, and Moving solutions. Currently visitors can find product offers for gears on the platform.

About WINDSOURCING.COM

WINDSOURCING.COM is a quality online platform, where wind turbine manufacturers as well as the wind farming and service community have been buying and selling parts and services since June, 2011. WINDSOURCING.COM offers advertisers a flexible, streamlined, easily searchable procurement platform that their potential clients can easily navigate, whether in search of spare parts, or other products. Advertisements can be independently created and updated in real time.

WINDSOURCING.COM offers maximum flexibility for suppliers and servicers alike. The WINDSOURCING.COM team can handle an advertiser's project from start to finish, or, if they so choose, each advertiser may register for the quick and easy log-in feature to maintain their project themselves.

For further information about WINDSOURCING.COM look up www.windsourcing.com or call +49 – 40-98768800.
