

## TRAMACO GmbH - Global network of distribution partners

Pinneberg/Germany, September 9th, 2015 - Since 1973 TRAMACO GmbH has continuously built up a global network of distribution partners to market their branded product segment TRACEL<sup>®</sup>, TRAPYLEN<sup>®</sup> and TRAPUR<sup>®</sup> product lines as well as further chemical foaming agents, adhesion promoters and additives. In more than 50 countries TRAMACO offers county-specific consulting and support close to its' international business partners. Qualified local partners and a trustful cooperation are of major importance to TRAMACO. The expansion of the distribution partner network will be continued dynamically.

The next opportunity for a personal contact will be from 13 to 17 October at the booth of ROWA GROUP at the FAKUMA in Friedrichshafen. In addition, TRAMACO and its distribution partners will be represented at many other trade fairs, for example: Plast Italy, NPE USA, ECS Germany, TECHTEXTIL Germany, Interplastika Russia, Plast India, K Germany, Polplast Poland, Plastteknik Sweden, FIP France, DKT Germany.

### The Company:

TRAMACO GmbH is a company which produces and supplies chemical foaming agents, primers and additives for the plastic, rubber and coatings industry. An extensive product range comprises established branded products manufactured by TRAMACO like TRACEL<sup>®</sup>, TRAPUR<sup>®</sup>, TRAPYLEN<sup>®</sup>, basic raw materials from strong suppliers and customised products for applications in various industrial sectors. Since its foundation in 1973 TRAMACO GmbH has built up a

ROWA GROUP Holding GmbH

global distribution and Sales network and continues to develop dynamically. A motivated team is at customers' service during the entire business transaction, from the initial contact to the execution of the order. The qualified consulting concerning technical applications and the development of customised formulas complete TRAMACO's portfolio, making the company a competent and reliable partner for the industry.
