With the new profile of the Company, Mr. Ziegler and Option agreed that the Company has different requirements at this time.

Commenting on the announcement Jan Callewaert, CEO of Option, said: “I would want to thank JP Ziegler for his contribution to Option in what was unmistakably the most difficult period in the Company’s history. Our new CFO, Jan Smits, is an experienced man who is used to work in a public company with international scope. He has handled investor and bank relations as well as the operational financial processes. He is at ease in a fast changing technology environment and we feel confident that he can help Option going forward rebuilding its business.”

Jan Smits, Option's new CFO: "I am excited to be joining Option. Option is a company I have been following with some interest for quite some time as a well-respected, entrepreneurial and high tech company in the wireless industry.
