

PRESS INFORMATION

November 2011

TECHART at the Essen Motor Show 2011

TECHART shows an extract of its individualization program at the Essen Motor Show 2011. One of the highlights is the TECHART GTStreet R based on the Porsche 911 Turbo, equipped with the new TECHART power kit TA 097/T3 and an impressive performance of 700 hp and 880 Nm torque. The presentation in Essen will be completed with the TECHART GrandGT based on the Porsche Panamera Turbo as well as the new Aerodynamic Kit I for the Porsche Cayenne Turbo, presented a few weeks ago at the IAA in Frankfurt in a world premiere. With its high-quality interior refinement and the new TECHART power kits up to 630 hp and 660 hp the dynamic sedan as well as the sporty SUV convince with a clear plus of performance and driving pleasure.

Motorsport Feeling at the TECHART booth. As a special highlight for all visitors, the TECHART brand ambassador and Nordschleife legend Uwe Alzen will be our guest to give an exclusive autograph-signing session on Saturday, 26. November 2011, at 2 PM.

Please visit TECHART as part of the Continental booth in hall 3, number 206.
