

PRESS RELEASE

October 2011

The CONRAN Shop Paris, a design and decoration mecca, is won over by the stylish looks of Odysseé by POSLIGNE® EPOS terminals

Lisses - Paris, October 5, 2011 ; legendary Decoration and Design store **THE CONRAN Shop** has chosen the **AURES** Group's **Odysseé** point-of-sale terminals for management and cash desk operations at its Paris store on the rue du Bac.

*"The touchscreen EPOS produced by AURES are the only ones to match up to the aspirations of the Design Concept promoted by **THE CONRAN Shop** – right through to the till point!"*

"With their gentle, distinctive lines, they are just right for our image: we've chosen 'pearl' terminals with 'pure white' colour clips for an elegant half-tone effect – blending in perfectly with our environment," explained **Pascal CORRE**, Manager of **THE CONRAN Shop** in Paris.

Deployed by **PRODWARE** in **THE CONRAN Shop's** Paris outlet, the 8 **Odysseé** point of sale terminals and their coordinated peripheral devices (**ODP 200** thermal receipt printers and **PS 50** barcode scanners) are powered by software developed by **FUTURA**.
