IFAT CHINA + EPTEE + CWS 2011 maintains character as leading exhibition

- **IFAT CHINA + EPTEE + CWS confirms its leading position yet again**
- **The biggest trade fair for environmental technologies in China will cover around 40,000 square meters of exhibition space**
- **IFAT CHINA + EPTEE + CWS features twelve national pavilions**

IFAT CHINA + EPTEE + CWS, the biggest trade fair for environmental technologies in China, confirms its leading character in 2011 yet again. The entire spectrum of environmental products, solutions and services covering water and sewage treatment, waste disposal and recycling, air-pollution control, environmental technology and renewable energies will be displayed from 5 to 7 May in the Shanghai New International Expo Centre.

All in all, IFAT CHINA + EPTEE + CWS will cover around 40,000 square meters of exhibition space. Most of which was already high in demand till the end of January.

Making the second time appearance at IFAT CHINA + EPTEE + CWS with a pavilion is the China Environment Chamber of Commerce (CECC). As one of the organizers of the show, with more than 80 well-known domestic members, this non-profit organization continuously supports water and waste companies from China.

The national and regional pavilions are the guarantee for concentrated expertise from around the world. This year, IFAT CHINA + EPTEE + CWS will feature twelve joint pavilions from Austria, Canada, Finland, France, Germany, Italy, Japan, Korea, Singapore, Switzerland, Taiwan and USA.

The positive response among Chinese and international companies underlines the leading character the fair has developed in China after just a few years.

About IFAT CHINA + EPTEE + CWS

IFAT CHINA + EPTEE + CWS is Asia's most comprehensive trade show for the water sector and sewage treatment, for waste disposal and recycling, air-pollution control, environmental technology and renewable energies. The event, which provides a first-class business and networking platform for Chinese and international trade professionals, is also accompanied by a high-ranking conference program covering topical themes in research and technology. In 2010 IFAT CHINA + EPTEE + CWS attracted a total of 839 exhibitors from 26 countries and over 22,000 visitors from 84 countries. The next International Trade Fair for Water, Sewage, Refuse, Recycling and Natural Energy Sources takes place from Thursday, 5 May to Saturday, 7 May 2011 at the Shanghai New International Expo Centre (SNIEC) in China.

Messe München International (MMI)

Messe München International (MMI) is one of the world's leading trade-fair companies. It organises around 40 trade fairs for capital and consumer goods, and key high-tech industries. Each year over 30,000 exhibitors from more than 100 countries, and over two million visitors from more than 200 countries take part in the events in Munich. In addition, MMI organises trade fairs in Asia, Russia, the Middle East and South America. With six subsidiaries abroad – in Europe and in Asia – and with 64 foreign representatives actively serving over 90 countries, MMI has a truly global network. Environmental protection and sustainability are key priorities in all MMI's operations, at home and abroad.

About MMI Shanghai

In 2000, MMI Shanghai was established as a wholly-owned subsidiary of Messe München International (MMI), one of the world's leading trade-fair organisers. In 2009, the Shenzhen office opened to further expand the marketing and service network. MMI Shanghai manages the transfer of first-class international trade fairs from Germany to China. The portfolio covers exhibitions for machinery, logistics, environmental protection, electronics, laser technology, biochemistry and sports. MMI Shanghai is in charge of trade fairs like – amongst others – bauma China, ispo China or LASER World of PHOTONICS CHINA.
