

PRESS RELEASE

New space for Software AG: under one roof with IDS Scheer

Zurich, Switzerland, June 30, 2010 - Moving to new premises in Zurich opens a new chapter in the joint history of Software AG and IDS Scheer in Switzerland. In early May, the staff of both companies moved into new offices in the Airgate Tower at Thurgauerstrasse 40 in Zurich-Oerlikon. The employees of IDS Scheer and Software AG are now working as a team under one roof.

“By moving to the new offices, we have taken another important step to strengthen our position on the Swiss market”, Maurizio Conti, Managing Director of Software AG Switzerland, said of the company’s realignment. “We are now sharing the same space. By working together as an effective team, we can offer our customers what they need: flexible solutions to implement excellent business processes in an increasingly complex world. It’s the only way for our customers to cope with the demands of the future.”

###

Software AG Schweiz

Software AG is the fourth-largest software manufacturer in Europe and has had a subsidiary in Switzerland since 1985. Last year, Software AG acquired IDS Scheer AG for about €343 million, adding process modeling and design to its product portfolio focused on infrastructure software. The newly created company covers the entire business process market segment, from modeling to implementation in infrastructure, and process monitoring.

About IDS Scheer

IDS Scheer is part of the Software AG Group and a leading provider of business process management (BPM) software, solutions and services for corporations and public organizations worldwide. With the ARIS Platform for Process Excellence, the company offers an integrated, comprehensive solution portfolio for the strategy, design, implementation and controlling of business processes, allowing companies to continuously improve their overall business performance. Utilizing the ARIS Value Engineering (AVE) approach, IDS Scheer consultants bridge the gap between corporate strategy, business processes, IT solutions and process controlling.

About Software AG

Software AG is the global leader in business process excellence. Our 40 years of innovation include the invention of the first high-performance transactional database, Adabas; the first business process analysis platform, ARIS; and the first [B2B](#) server and [SOA](#)-based integration platform, webMethods.

We are unique in offering the world’s only end-to-end - and easiest to use - [business process management \(BPM\)](#) solutions, with the lowest total cost of ownership. Our industry-leading brands, ARIS, webMethods, Adabas, Natural and IDS Scheer Consulting, represent a unique portfolio for: process strategy, design, integration and control; SOA-based integration and data management; process-driven SAP implementation; and strategic process consulting and services.

Software AG had revenues of €847 million in 2009 and has more than 6,000 employees serving 10,000 enterprise and public institution customers across 70 countries. Our comprehensive software and services solutions allow companies to continuously achieve their business results faster. The company is headquartered in Germany and listed on the Frankfurt Stock Exchange (TecDAX, ISIN DE 0003304002 / SOW).
