

## Press release

### Construction Simulator: Gold Edition and Construction Simulator: Gold Add-on

## Out now: The most extensive Construction Simulator experience to date!

**Moenchengladbach, November 11, 2015** – German publisher astragon and the developer team of weltenbauer. are very happy to announce today the release of the **Construction Simulator: Gold Edition** and the **Construction Simulator: Gold Add-on** – their hitherto most extensive **Construction Simulator** experience. Thanks to a multitude of originally licensed construction vehicles as well as numerous varied tasks ambitious constructors and fans of gigantic building machines can look forward to a gripping simulation highlight complete with ample and exciting extras!

**Construction Simulator: Gold Edition** consists of the main game, the successful *Construction Simulator 2015*, and of all extensions published up to the Gold Edition's release. In addition to the large vehicle fleet of the main game including officially licensed machines and vehicles by makers Liebherr, MAN and Still, virtual builders can now enjoy some really heavy machinery: the giant Liebherr 150 EC-B Flat-top crane, the Liebherr LB 28 Rotary drilling rig and the brand new Liebherr LR 1300 Crawler crane.

Due to numerous building missions that have been designed especially with these machines in mind, the players can look forward to a great number of varied and diverse tasks. The biggest highlights of the **Gold Edition** next to impressive high-rise projects are the construction of giant wind turbines and bridges – the latter a frequently requested task by the game's player community!

In the DVD version of the **Construction Simulator: Gold Edition** several interesting extras have been included in addition to the main game and the four official extensions: A large two-motif poster and a bonus DVD with a comprehensive collection of modding tutorials. Thanks to these detailed videos, sample projects and instructions the creation and integration of self-made building vehicles into the game will be a breeze!

The **Construction Simulator: Gold Edition** is available now for Euro 24.99 / 26.99 USD / GBP 18.99. For players already in possession of the main game, the **Construction Simulator: Gold Add-on** offers all four extensions for Euro 9.99 / 9.99 USD / GBP 6.99 and is ready for download on various digital platforms.

### About astragon Entertainment GmbH and astragon Sales & Services GmbH

The astragon Entertainment GmbH and the astragon Sales & Services GmbH have emerged as the core of the newly created astragon group formerly consisting of the two games publishers astragon Software GmbH (founded in 2000) and rondomeia Marketing & Vertriebs GmbH (founded in 1998) in July 2015. Today, the astragon group is the second largest producer and marketer of computer games in Germany (number of units CD-ROM/DVD as per GfK Media Control, complete annual evaluation 2014).

The main focus of the group's product range lies with casual games and technical simulation games for PC. Adventure games and economy simulations complement astragon's diverse portfolio. The popular game series "Big Fish Games", "play+smile" and "Best of Simulations" form three strong umbrella brands by astragon in retail market. Additionally to the distribution to retail partners in the German language area by the astragon Sales & Services GmbH, products are also marketed internationally under license and via download by the astragon Entertainment GmbH. Games for consoles, mobile devices as well as smartphones and tablets complete astragons product range.
