CONVENTION™

Call for Papers

CFK-Valley Stade Convention 2011

07-08 June 2011, Stadeum Stade

The Expert Forum for
Composite Lightweight Construction

**Automation -
Simulation, Processes & Materials**

CFK VALLEY STADE
CONVENTION™

by 07 January 2011
Early Bird Special:
450,-€ plus VAT

We would like to give a lecture in the field of:

- | | |
|-------------------|--|
| Simulation | [fibre optimized design principles (to avoid "black metal" design); non linear simulation (crash sim.); composite simulation (i.e. resin flow); digital factory planning; spring-in effects] |
| Processes | [manufacturing, semi automated production of rotor blades for wind industry; new pultrusion/preforming strategies; high pressure RTM processes; thermoplastic pressing of non woven fabrics; automatic part measurement; automatic machining; automatic joining / bonding; fast curing tooling design (i.e. Variotherm); braiding] |
| Materials | [polyurethane resin systems; fast curing resin systems; hybrid CFRP structures; fibre reinforced thermoplastic parts; nano materials] |

High quality level lectures are expected and reviewed by a board of experts.

Please send your significant abstract to info@cfk-convention.com

Titel of abstract/lecture
