

Duesseldorf/Germany, June 2015

**High-octane firefighting-strategy-simulation now available for iPhone® and iPad® as well as smartphones and tablets with Android™!**

After the successful launch of the firefighting-strategy simulation *RESCUE 2: Everyday Heroes* for PC and Mac, today publisher rondomedia is happy to announce the release of *RESCUE: Heroes in Action*, a newly developed version of the popular *Rescue* series for smartphones and tablets.

Just as the preceding games of the franchise, *RESCUE: Heroes in Action* will grant you a unique, first-hand glimpse into the dangerous and challenging daily business of an urban fire department. Following the motto “Save lives. Anytime. Anywhere.”, you will take full control of exciting rescue tasks in numerous and varied missions from smaller fires to giant blazes. Do you have the tactical skills and strategic talent necessary to protect the lives of your city’s inhabitants?

Thanks to a tense and dramatic backstory, numerous available vehicles and firefighting equipment, manifold possibilities of building and expanding your fire department and its personnel as well intuitive game controls, *RESCUE: Heroes in Action* will offer you an easily accessible, immersive firefighting experience.

*RESCUE: Heroes in Action* for iPhone®, iPad® as well as smartphones and tablets with Android™ is available now worldwide in App Stores for 2.99 Euro / 2.99 USD / 2.29 GBP.

### **About rondomedia**

rondomedia, founded in 1998 by the company's owner, André Franzmann, is one of the leading German games publishers. Together with its subsidiary astragon, rondomedia forms the second largest publisher and distributor for computer games in the German speaking territory (evaluation by units PC-CD-ROM/DVD, media control/Gfk, 2011-2013). The company is run by Kristina Klooss as managing director and Julia Pfiffer as deputy managing director. The main focus of both companies' product portfolios lies on casual games and simulations for PC. Adventure games and economy simulations round off the range of products. With the two game series "play+smile" and "Best of Simulations, rondomedia owns two of the most well-known umbrella brands within the German games market. Additional to the distribution to local retail partners, products by rondomedia are increasingly marketed internationally via license or download. Games for consoles, mobile console games as well as games for smartphones and tablets add to the company's product range. For more information please visit: [www.rondomedia.de](http://www.rondomedia.de)

### **About Fragment**

Fragment Production Ltd. is an independent developer of high-quality strategy games for PC and mobile platforms, headquartered in Tampere, Finland. Fragment is the fastest growing strategy games studio in Finland. For more information please visit: [www.fragmentproduction.fi](http://www.fragmentproduction.fi)
