Press Release

For Enterprise, Access, Metro, and FTTH Networks

Four Wavelengths OTDR MTS-2000 QUAD

At LASER COMPONENTS you will now get the MTS-2000 QUAD: the modular OTDR with an integrated QUAD module for SM and MM measurements that can be used in enterprise, access, metro, and FTTH networks.

It is small and compact, has a high dynamic range, small dead zones, and an integrated light source and an integrated power meter on an optional basis. This MTS-2000 comes with a bag to allow users to work hands free.

ANGA COM, May, 20. - 22., 2014, Koelnmesse, Germany, **Booth 10.1/T35**
Sensor + Test 2014, Jun., 03. - 05.2014, Messe Nürnberg, Germany, **Booth 12.117**
maintain 2014, Jun., 03.-06.2014, Messe München, Germany, **Booth B6.131**

The Company

LASER COMPONENTS specializes in the development, manufacture, and sale of components and services in the laser and optoelectronics industry. At LASER COMPONENTS, we have been serving customers since 1982 with sales branches in four different countries. We have been producing in house since 1986 with production facilities in Germany, Canada, and the USA. In-house production makes up approximately half of our sales revenue. A family-run business, we have more than 160 employees worldwide.
