Bulgin Vandal Resistant LED's Meet Need for Robust Indicators

Bulgin's range of vandal resistant LED's extend the large range of products available for public area application.

The indicators are available in a variety of designs and meet the requirements of IP67. Proud of panel or flush with panel profiles are available. Connection is via solder tag, 2.8mm tag terminations or flying leads.

A choice of high intensity wide angle LED's in the colors red, green, yellow or blue can be supplied.

The body is constructed of turned stainless steel and the switch is shock and vibration resistant.
