Barcelona, Spain, Oct. 7, 2015 – HP today announced the **HP ENVY 8 Note**, a 2-in-1 device that offers customers unprecedented mobile productivity with a 10 inch keyboard and intuitive note-taking capabilities.

“Customer feedback on previous generation tablets focused on how they like to use tablets for productivity on the go, so we created a device that offers the portability of an 8 inch tablet with the productivity of a small notebook,” said Michael Park, vice president and general manager, Mobility, Personal Systems, HP. “The HP ENVY 8 Note combines the portability of a Windows 10 optimized tablet with a 93 percent full-size premium keyboard that doubles as a protective case for the tablet.”

The HP ENVY 8 Note has a beautifully designed 8 inch (20.32cm) diagonal tablet that is just 7.7 millimeters thin and weighs 0.8 pounds (0.36kg).⁽¹⁾ For customers who want the flexibility of a tablet and the functionality of a notebook, the HP ENVY 8 Note enables customers to travel light with the tablet alone or dock with a 10-inch (25.4cm) HP ENVY Note Keyboard Folio. The premium Bluetooth keyboard folio is made from aluminum and offers the same 1.5 millimeters of key travel as HP's most premium notebooks. For the full productivity experience, the keyboard base includes both an 89 x 34 millimeter click-pad and a slot designed to hold the tablet in place in either landscape or portrait modes, so you can crank out a blog post, edit a presentation or revise a spreadsheet. The innovative keyboard base can store the tablet into the back for protection and portability.

The HP Envy 8 Note also includes HP Instant Note, an intuitive software experience to complement the active stylus that comes with the tablet. By simply pressing the pen button, a note pops up to start writing. HP Instant Note captures content and embeds links to webpages eliminating extra copy and paste steps. The note is automatically saved in OneNote and can be accessed via HP Notes Hub, a timeline view to access content and events.

The HP ENVY 8 Note is designed for customers to be connected and productive on the go. The HP ENVY 8 Note is powered by an Intel® Atom™ x5-Z8300⁽²⁾ with Intel® HD Graphics,

clocking from 1.44 GHz up to 1.84 GHz in turbo mode, with up to 6.25 hours of battery life.⁽³⁾

An 8-inch 1080p full high-definition⁽⁴⁾ (FHD) (1920 x 1200) diagonal display delivers crisp and vibrant viewing experiences. The display is layered with Corning® Gorilla® Glass 3 to give the tablet durability for the mobile customer. HP ENVY 8 Note runs Windows 10 in tablet and desktop modes, giving customers access to the Office Mobile suite to get things done when at home or at a café. The HP ENVY 8 Note comes equipped with a 4G module and HP DataPass which allows customers to connect to the internet with mobile broadband services out-of-the-box without a contract. Customers receive up to 250MB per month at no cost and can purchase additional monthly data packages at low rates.⁽⁵⁾

For customers who want to capture that perfect family moment or video, the HP ENVY 8 Note comes with a 5 mega pixel Autofocus rear-facing camera with a high quality sensor to take crisp and beautiful photos. A 2 mega pixel front-facing camera allows customers to take great selfies or for video chat using Skype. With Audio by B&O Play, customers can immerse themselves in their video conference, music, or movie.

The HP ENVY 8 Note has a micro SIM card slot, a micro SD card reader and a micro USB 2.0 port for charging and connecting accessories. The keyboard also has a micro USB 2.0 port for charging.

The HP ENVY 8 Note is compatible with a number of accessories to complement the experience and are offered separately including the HP in Ear Headset and the new HP Roar Travel wireless speaker, power charger and phone speaker in one.

Pricing and Availability⁽⁶⁾

The HP ENVY 8 Note is expected to be available in EMEA in November starting at €499.
